**Presidents Letter**

What can be said about the state of things right now as I write this letter it seems we are going back to where we were a couple months ago with mandatory closures and shutdowns. I for one find it quite disappointing and had hoped most of this would have been behind us by now. I hope everyone is well and practicing good Masking and Distancing, enough said about that.

As you know the executive committee has been meeting via various social meeting platforms trying to plan future events which is a best guess scenario. It is more important now than ever that we pay close attention to the weekly newsletter.

On the evening of July 13th I will have a conference meeting with our Regional Director Brett Jurick, we will be discussing along with other sections in our region how we might plan activities that will meet the social distancing requirements and still be able to involve as many as wish to attend. We might be able to plan a poker run that allows us to stay in our cars for the most part.

Your committee is always looking for ideas to keep the club fresh and fun, please help us!  
Enough said, stay safe, and stay well.
